ALTO SALTIX - EFFICIENCY AND CAPACITY AT WORK

*A reliable, silent and manoeuvrable solution
for professionals demanding functionality*

ALTO SALTIX offers a reliable
filtration solution:

DualFilter

High Filtration & Protection

To ensure a high filtration level and keep the dust and dirt inside the machine while vacuuming, the ALTO SALTIX offers the DualFilter system. It consists of a double-layer filter bag plus a cloth filter as second filtration stage. The filter bag with its large surface offers a large volume which is able to withhold large amounts of dust. This means longer operation time before you need to replace the filter bag. In addition the DualFilter ensures a reliable protection of the motor. Remounting of the cloth filter into the vac is very easy as the filter needs no certain position in the vac.

The ALTO SALTIX DualFilter system offers:

- High level of filtration and protection
- Large capacity filter bag
- Quick and simple handling

*Improved filtration and protection with:
Double-layer filter bag plus cloth filter*

ALTO SALTIX Dry vacuum cleaner

ALTO SALTIX is a versatile vacuum cleaner. It is perfect for vacuuming typical dust and small dirt in offices, hotel rooms, etc. The compact design, the container shape and the 5 castors makes it very easy to manoeuvre and work with - plus:

Ergonomic grip with hollow

Offers comfortable transportation of the machine and its accessories.

Cable holder

Wind the cable around the grip, and have it in one place. It also allows a proper storage of the machine after use.

10 m power cable

Offers in combination with the 2,5m long hose a large working radius without the need to unplug and plug the vac too often.

Easy transport

The hollow in the grip allows easy transportation of the vacuum cleaner and its accessories.

Furniture protection

The "All-around bumper" protects the furniture and the machine - at the same time.

Silent operation

The low noise level is a luxury feature ensuring a much more comfortable working environment.

Big switch

The switch can easily be operated.

Super suction performance

All the power you need to get a better cleaning result, achieved with less effort, due to shorter cleaning time.

5 castors

Perfect manoeuvrability is ensured by the 5 castors that allows the ALTO SALTIX to move fast and freely on the different surfaces.

Combi floor nozzle

Suitable for both: Textile and hard floors.

ALTO SALTIX

The ALTO SALTIX Dry vacuum cleaner is the perfect solution for cleaning in offices, hotel rooms and other public facilities.
